

Web 03. Grid System & Responsive Web

❖ 학습해야 할 내용

- ✓ Bootstrap
- ✓ Bootstrap Component

❖ Bootstrap

The screenshot shows the Bootstrap 4.5 documentation page. The top navigation bar has a purple background with links: Home, Documentation (highlighted with a red box), Examples, Icons, Themes, Expo, and Blog. The version is v4.5. The left sidebar has a search bar and a list of links: Getting started, Introduction, Download, Contents, Browsers & devices, JavaScript, Theming, Build tools, Webpack, Accessibility, Layout, Content, Components (highlighted with a red box), Utilities, and Extend. The main content area has a white background with the title 'Introduction' and the text 'Get started with Bootstrap, the world's most popular framework for building responsive, mobile-first sites, with BootstrapCDN and a template starter page.' Below this is the 'Quick start' section with the text 'Looking to quickly add Bootstrap to your project? Use BootstrapCDN, provided for free by the folks at StackPath. Using a package manager or need to download the source files? [Head to the downloads page.](#)' and the 'CSS' section with the text 'Copy-paste the stylesheet `<link>` into your `<head>` before all other stylesheets to load our CSS.' A code snippet is shown in a light blue box: `<link rel="stylesheet" href="https://stackpath.bootstrapcdn.com/bootstrap/` with a 'Copy' button.

공식 문서의 Component를 활용하여 물음에 답하시오.

- 1) 각 문항에 제시된 이미지는 현재 lab.ssafy.com에서 사용중인 components이다.
제시된 요소에 사용된 Bootstrap Component가 무엇인지 작성하시오.
- 2) 위에서 답한 Bootstrap Component를 사용하여 제시된 요소와 유사한 형태가 되도록 코드를 작성하시오.
